the Eastern State hospital, Williams burg, is also master of the Masonic Lodge at that place. He says his lodge, Lodge at that place. He says his lodge, which is No. 6, has the master's chair presented to the lodge by Lord Botetourt in 1765, three years before the grand lodge of Virginia was organized. The chair is of heavy mahogany, is hand carved, and contains many of the Masonic emblems, many of which indicate that Lord Botetourt belonged to the Scottish Rite branch of the order. The chair was used by Gen. George

The chair was used by Gen. George Washington at the laying of the corner-stone of the original Capitol building, at Washington, and its next public use was at the laying of the corner-stone of the Yorktown monument, when fresident Chester A. Arthur occupied it during the

The Breath of Life.

The Breath of Life.

It's a significant fact that the strongest animal of its size, the gorilla, also has the largest lungs. Powerful lungs means powerful creatures. How to keep the bresthing organs right should be man's chiefest study. Like thousands of others, Mrs. Ora A. Stephens, of Port Williams, O., has learned how to do this. She writes: "Three bottles of Dr. King's New Discovery stopped my cough of two years and cured me of what my friends thought consumption. Oh, it's grand for throat and lung troubles." Fight in Japanese Parliament.

London Daily Telegraph reports that the submission of the House of Peers amendments to the bill for the nationalization of railways to the House of Rep-resentatives Tuesday night caused a free fight, a considerable exchange of blows, and the tearing of clothes among members. Eventually the police were summoned, restored order, and closed the doors in order to frustrate the attempt of the opposition to leave the House in a body. The bill was then adopted by a vote of 214, the opposition declining to record its vote, as it considered the government's action in the matter in-consistent with the principle of constitutional government.

Investigations Costly.

With the investigations ordered by the last legislature little more than begun, the bill of costs against the State is \$1,355,61. This will be doubled when the printing of the evidence is paid for. The "Clowes fitness investigation" and the tampering with bills committee are small affairs to what the investigation of the Eastern State Hospital, the inquiry into the hazing cases at the Virginia Military Institute and the Virginia Polytechnic Institute and the investigation of the high price of school books will cost.

Riotous Strikers.

Winnipeg Street Railway in Winnipeg. Manitoba, yesterday went on a strike for Manitoba, yesterday went on a strike for higher wages. Scenes of violence followed attempts to run the cars. A howling mob of sympathizers gathered and showered brick, stones and mud on every car. Drivers of drays blocked traffic by driving on the tracks. Wires were cut and switches opened, and finally the attempt to run cars was abandoned. In the cars were strike-breakers armed with baseball bats, which they used freely. baseball bats, which they used freely.

Out of Debt.

The joint committees on finance and ways and means of the Maryland legis lature agreed yesterday to reduce the tax rate from 23; cents to 16 cents. The reduction in the rate, which is due to the sale of the state's stock in the Washington branch, is 7½ cents, or more than \$500,000 on the present taxable basis. All charges for sinking fund and interest have been wiped out, the in-come of \$90,000 from the Northern Central annuity and the annual surpluses in the treasury being sufficient to meet all of this in:lebtedness.

NATURE SPARES

The Stricken Rose From Grief.

What a fortunate provision of nature t is, that deprives the rose of mental unfering; for how poignant would be its rief to discover, in the height of its inoming glory, that a canker fed at its teart, and that its beauty and fragrance were doomed forever. Nature always pares the suffering; she is a vertiable tore-house of pleasing rewards, for hose who seek her aid. In the years me by falling hair and grayness have st a gloom over the lives of thousands f young women, but thanks to the inestigations of scientists the true cause hair destruction is now known to be germ or parasite that burrows into the hair follicles.
